

A DETROIT MIRACLE.

A GREAT TRIUMPH FOR CANADIAN MEDICAL SCIENCE.

PARTICULARS OF ONE OF THE MOST REMARKABLE CURES ON RECORD DESCRIBED BY THE DETROIT NEWS—A STORY WORTH A CAREFUL PERUSAL.

(Detroit News.)

The following paragraph, which appeared in the News a short time ago, furnished the basis of this information—a case that was so wonderfully remarkable that it demanded further explanation. It is of sufficient importance to the News' readers to report it to them fully. It was so important that it attracted considerable attention at the time. The following is the paragraph in question:

"C. B. Northrop, for 28 years one of the best known merchants on Woodward avenue, who was supposed to be dying last spring of locomotor ataxia, or creeping paralysis, has secured a new lease of life and returned to work at his store. The disease has always been supposed to be incurable, but Mr. Northrop's condition is greatly improved, and it looks now as if the grave would be cheated of its prey."

Since that time Mr. Northrop has steadily improved, not only in looks, but in condition, till he has regained his old-time strength.

It had been hinted to the writer of this article, who was acquainted with Mr. Northrop, that this remarkable change had been wrought by a very simple remedy called Dr. Williams' Pink Pills for Pale People. When asked about it, Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was inquiring in a similar manner when he heard of any such case. Mr. Northrop was enthusiastic about the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after his illness, and he had been told to give him relief. He had been in the care of the best physicians who did all they could to alleviate this terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N. Y., wrote him of the case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People. The person cured at Lockport had obtained his information respecting Dr. Williams' Pink Pills from an article published in the Hamilton, Ont. Times. The case was called "The Hamilton Miracle" and told the story of a man in that city who, after almost incredible suffering, was pronounced by the most eminent physicians to be incurable and permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances only to be told in the end that there was no hope for him, and that cure was impossible. The person alluded to by Mr. Northrop, of 25 Little William St., Ont., was a man named Marshall, who had been a member of the Royal Templars of Temperance, and after having been pronounced permanently disabled and incurable by the physicians, was paid the \$1000 disability insurance provided by the order for its members in such cases. For years he was a member of the order, and was barely able to drag himself around his house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been pronounced incurable, he read in the Hamilton, Ont. Times, an article which claimed he had heard of Dr. Williams' Pink Pills and was induced to try them. The result was miraculous; almost from the outset an improvement was noticed, and in a few months the man whose medical experts had said was incurable and permanently disabled, was a city healthier and stronger than before. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus, as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could scarcely conceive a case more hopeless than that of Mr. Northrop. His injury came about in this way: One day, nearly four years ago, he stumbled and fell on a complete length of a steep flight of stairs which were at the rear of his store. His head and spine were severely injured. He was picked up and taken to his home. Creeping paralysis very soon developed itself, and in spite of the most strenuous efforts of friends and physicians, the terrible affliction fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the least effort. He had to be wheeled about in an invalid's chair. He was weak, pale and fast sinking when his timely information came that verily snatched his life from the jaws of death. Those who at that time saw a feeble old man wheeled into his store on an invalid's chair would not recognize the man who is now the change that Dr. Williams' Pink Pills have wrought. When Mr. Northrop learned of the remedy that had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. Williams' Pink Pills through Messrs. Bassett & Co., 121 Home St., 95 Woodward avenue, and from the outset found an improvement. He faithfully adhered to the use of the remedy until now he is completely restored. Mr. Northrop declares that there can be no doubt that Dr. Williams' Pink Pills being the cause of his restoration to health, as all other remedies and medical treatment left him in a condition rapidly going from bad to worse, until at last it was declared there was no hope for him and he was pronounced incurable. He is now in a condition when he began to use Dr. Williams' Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was claimed for this wonderful remedy, and replied that he understood that the proprietors claim it to be a blood builder and nerve restorer, supplying in a condensed form all the elements necessary to enrich the blood, restore shattered nerves and drive out disease. It is claimed by the proprietors that Pink Pills will cure paralysis, rheumatism, sciatica, indigestion, constipation, headache, and all diseases peculiar to females, loss of appetite, dizziness, sleeplessness, loss of memory, and all diseases arising from overwork, mental worry, loss of vitality, etc.

"I want to say," said Mr. Northrop, "that I don't have much faith in patent medicines, but I cannot say too much in favor of Dr. Williams' Pink Pills. The proprietors, however, claim that they are not a patent medicine in the sense in which that term is used, but a highly scientific preparation, the result of years of careful study and experiment on the part of the proprietors, and the pills were successfully used in private practice for years before being placed for general sale. Mr. Northrop declares that there is nothing to equal these pills as a cure for nerve disease. On inquiry the writer found that these pills were manufactured by Dr. Williams' Medicine Co., Schenectady, N. Y., and Brockville, Ont., and the pills are sold in bottles never in bulk by the hundred, at 50 cents a box, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Co. from either above address. The price at which these pills are sold makes a course of treatment with them comparatively inexpensive as compared with other remedies or medical treatment. This case is one of the most remarkable on record and it is one that is here in Detroit, and not a thousand miles away, it can be easily verified. Mr. Northrop is very well known to the people of Detroit, and he says he is only too glad to testify of the marvelous good wrought in his case. He says he considers it his duty to help all who are similarly afflicted by any word he can say in behalf of the wonderful efficacy of Dr. Williams' Pink Pills."

Analysis shows that while more than half the potash is lost from tea bark, but a small quantity of the phosphoric acid is lost. Tannery ashes are worth considerably more than leached wood ashes, and are always worth hauling away; still such ashes contain considerable potash.

SERVICE IN THE BIG MILL

A SEASON OF WORSHIP UNDER

Most Peculiar Conditions. Incidents and Developments in the Homestead Struggle.

Sunday morning at 11 o'clock Chaplain Clarence A. Adams, of the Sixteenth regiment, delivered an interesting Gospel talk to the men inside the Carnegie works at Homestead. The services were held in the big beam mill. Sermons have been delivered in many strange places and under peculiar conditions, but it is a question whether a minister ever before addressed a congregation under such conditions as those confronting Chaplain Adams. The assemblage numbered about 900, and included workmen, watchmen and those whose duty it is to provide for the sustenance and comfort of the others. Superintendent Potter and many of his assistants were also included among the listeners.

It was an interesting picture to study. The bright light of a perfect day was not softened by rose-tinted windows nor shadowed by Gothic arches and columns, but streamed in boldly through big skylights, sharply defining the high steel beams and girding supporting the big structure, and clearly lighting up the faces of the men. They were intelligent faces, the majority of them, and plainly reflected the varying emotions that stirred them as they engaged in the service of song and praise.

An orchestra rendered "Nearer My God to Thee" as a voluntary, and then every one stood up and sang the Doxology in a way that made the immense building ring like a monster music box. This was followed by the Lord's prayer repeated in unison. That good old hymn "My faith looks up to Thee, Thou Lamb of Calvary" was then sung, and again the place resounded with a rich, full harmony, such as can only be produced by the singing of a large body of men. A short reading of the Scriptures and prayer followed by another hymn, "Stand up, Stand up for Jesus, ye Soldiers of the Cross," preceded the sermon.

A SACRED CONCERT IN THE MILL. Sunday afternoon the orchestra which had furnished an accompaniment to the singing during the religious services of the morning gave a concert in the beam mill. The organization was composed of nine pieces, and rendered a program of sacred, classical and popular selections in a manner that was greatly enjoyed by the men, judging from the repeated rounds of applause. This Sunday afternoon concert differed from most entertainments of that name in that there was no bar attachment. The concert was in a way a strange event—fully as strange as the circumstances surrounding the religious exercises of the morning, and was commented on as such by many in the crowds who visited the camp on the hill above and listened to the sweet strains as they were wafted upward on the cooling breezes. Here, in a free country, were men practically prisoners, guarded by the arms of over 1,500 of the state militia, enjoying a diversion as though in some popular park.

OVER 900 MEN AT WORK. More men were received at the works on Saturday and Sunday. The number of men who were at work Monday morning was over 900. Five bunk houses are already built and occupied, another is about completed and more will be built. The number of men now in the mill exceeds the bunk house capacity. Just at present no one has to place their cots in the different mill buildings after work is over.

The company is preparing to care for its new force for several months to come. till such time, in fact, as they shall be recognized by other people at Homestead and be able to buy and sell undisturbed by any boycotting measures. To this end, in addition to the 100 new houses to be built on the Carnegie addition on the other side of Eighth avenue, a number of temporary dwelling houses will be built inside the mill yards.

MR. FRICK ON HIS FEET.

THE CHAIRMAN SAT UP AND WALKED ABOUT SUNDAY FOR SEVERAL HOURS.

Chairman H. C. Frick, of the Carnegie Steel Company, was able to sit up and walk Sunday for the first time since his narrow escape from death by the bullet and knife of anarchist Berkman. His wounds in the back are entirely healed on the surface, and cause him little if any pain. The bullet wounds in his neck are entirely healed.

Mr. Frick wanted to go to his office today but the physician would not permit it. Mr. Frick will be out, however, by Thursday or Friday. Arrangements have been made at his home to enable the chairman to attend considerable of his regular business this week.

THE DUQUESNE STRIKE.

The eleventh day of the Duquesne strike ended Monday with but little change in the situation. Supt. Morrison issued a notice to the strikers to the effect that the mill would be started up in one week in all departments, and that former employees who did not return to their jobs by that time might consider themselves out of the company's service. The men say that if non-union men are taken to the mill there will be no trouble, as only moral suasion will be used on them.

ANARCHISTS HELD. BAUER AND NOLD GIVEN A HEARING AND SENT TO JAIL FOR A COURT TRIAL.

Henry Bauer and Charles Nold, the pair of anarchists who were arrested by detectives at Pittsburgh, Pa., last week, were given a hearing before Police Magistrate Gripp. They were charged with conspiracy and aiding and abetting the fact to the alleged murder of H. C. Frick. They were held for trial at court in the sum of \$2,000 each on the first charge and committed without bail on the second information.

CONGRESSMAN CRAIG DEAD.

Representative From the Twenty-Fourth (Pa.) District Passed Away Friday Night.

Alexander D. Craig, a member of Congress from the Twenty-fourth (Pa.) district, died at his home in Claysville, Washington county, Pa., at 9 o'clock Friday night. The deceased had been in delicate health for several weeks.

Congressman Craig was a native of Washington county. During his life he was an active Democrat, but was little known outside of his own county until he was nominated for Congress against Colonel Andrew Stewart two years ago. Mr. Craig has served in Congress since February. He was about 60 years old and had recently announced himself as a candidate for reelection. He was an earnest, conscientious member of Congress, and he was held in high esteem by all who knew him. He was especially popular in his own county. He leaves a family.

Halifax's Destitute Thousand. The condition of the people in the unburned section of Halifax, N. S., is about as deplorable as those of the 7,000 homeless camped on the fields. Cases are reported of people in the saved district setting fire to their scanty possessions in order to share in the relief distribution of food, clothing and money.

Idaho Miners Locked Up. Boise City, Ind., July 30.—The 25 prisoners that were brought down from Wallace and Wardner were put in the county jail here to await the action of the Federal Court.

FIFTY-SECOND CONGRESS.

NO MAN can hate his brother without also hating God.

MONDAY.—In the Senate today, Mr. Pettibone introduced a joint resolution, which referred to the committee on the Quadricentennial, authorizing foreign exhibitors to bring to this country foreign laborers, for the purpose of preparing for and making exhibits. Mr. Cullum offered a concurrent resolution which was agreed to granting the ladies of Washington permission to give a reception in the capitol on the 19th of September 1892, to the Grand Army of the Republic and to the Woman's Relief Corps. After some further unimportant business the Senate adjourned.

In the House, after routine business, Mr. Brookshire, of Indiana, from the committee on postoffices and postroads, reported, back adversely a memorial asking for an investigation relative to a proposed route service in Philadelphia. Laid on the table. The House then adjourned.

TUESDAY.—In spite of the super-heated atmosphere in the senate chamber to-day, the House debated in the presidential election (Ohio) took place. Mr. Aldrich opened it with a declaration that the tariff question was to become by common consent the leading issue of that campaign. Mr. Vest took up the gauntlet and announced it is the determination of the Democratic party to make that issue in every township in the land. The debate was also participated in by Senators Allison, Hale and Palmer. It lasted between four and five hours, and at its close the resolution on which it was based, was referred to the table. In the afternoon Mr. Carlisle shall be ready to answer Mr. Aldrich on the points made by him. The anti-option bill was taken up, but as the time for adjournment was close at hand, the bill was laid over till to-morrow. The anti-option bill was taken up again, and the unfinished business, and it went over till to-morrow.

The general deficiency bill passed the House to-day. A bill passed to reserve from entry one section in each township in Oklahoma as to have in reserve a body of land which may be sold after Oklahoma is admitted as a state. The House also passed a bill providing that no railroad in Oklahoma or in the Indian territory shall charge more than three cents per mile for passenger fares. Also, a bill to enable the people of Utah to arrange for participation in the World's fair. Adjourned.

WEDNESDAY.—In the Senate to-day, on motion of Mr. Cullum, the senate bill to create a national highway commission and to prescribe its duties was taken from the calendar and passed. The commission is to be created for the purpose of a general inquiry into the condition of highways throughout the United States and the means for their improvement, especially with reference to the securing of proper exhibit at the World's Columbian exposition or improved appliances for roadmaking. The senate bill to facilitate the enforcement of the immigration and contract labor laws of the United States was taken up for consideration. Mr. Chandler, after explanation and some verbal amendments was passed.

In the House all the Senate amendments to the sundry civil appropriation bill were agreed to to-day except the World's Fair appropriation of \$5,000. Mr. Hale's resolution to-day in the Senate. The House also passed an eight-hour law as to public works of the United States, and of the district of Columbia. The Committee on Contingent Expenses reported a resolution for a committee of seven to inquire into the question of the mining trouble in Idaho. Mr. Quay objected to the present consideration of the resolution, and it was laid over until to-morrow. Adjourned.

This proceeding in the House to-day were intensely stupid and filibustering motions on the World's Fair appropriation prevailed all day. The only motions now in order until the deadlock is broken are for adjournment and a call of the House. These dilatory tactics were pursued until 4 o'clock, when the House adjourned until to-morrow.

FRIDAY.—In the Senate to-day, after some difficulty in obtaining a quorum and a brief speech by Mr. Stewart, Mr. Carlisle addressed the Senate. Mr. Hale's resolution as to the relative merits of "protection" and a "tariff for revenue only," and in response to the speeches of Messrs. Hale and Aldrich. After a short speech by Mr. Allison in defense of the McKinley bill, Mr. Hawley obtained the floor. His resolution went over till to-morrow, and the anti-option bill was laid before the Senate as the "unfinished business." It was laid aside informally, and the President's message vetoing the McGarran claim bill was read and postponed until the second Tuesday in December next. Adjourned.

In the House Representative Hatch, from the committee on agriculture, submitted to the House a report prepared by the committee on the effect of the present tariff law upon agriculture. The report was taken up and filibustering continued until adjournment.

SATURDAY.—In the Senate, Mr. Quay called up the resolution adopted by the House announcing the death of Representative Craig. At 2:30 p.m. the House adjourned.

MONDAY.—The House of Representatives, in the House of the World's Fair Appropriation bill was again under consideration, and no action was reached when the house adjourned on account of the death of Congressman Craig.

ANARCHISTS ALONE TO BLAME

for the Shooting of H. C. Frick. Several Arrests Made, and More to Follow

The Pittsburgh (Pa.) police authorities have placed under arrest Henry Bauer, a notorious Pittsburgh anarchist on the charge of complicity in the attempted murder of H. C. Frick, chairman of the Carnegie Co. by Berkman. The Pittsburgh Chief of Police, O'Mara, also arrested Frederick Mollich, a New York anarchist, on same charge, and brought him to Pittsburgh for trial. Johan Most, of New York, is also believed to be implicated in the plot against Frick, and his arrest is also contemplated. The Pittsburgh police are active in searching anarchist headquarters for proof of complicity in the Frick assault, and already have secured enough evidence to fully prove that the shooting of H. C. Frick was the result of a deeply laid plot of the Anarchists, and sensational developments are expected. These investigations fully prove that the Homestead strikers nor the Amalgamated Association had nothing whatever to do with the case. The anarchists on several occasions tried to interest the Homestead workmen in their methods, but every time the men sternly refused their co-operation.

Scrofula In the Neck. The following is from Mrs. J. W. Tillbrook, wife of the Mayor of McKeesport, Penn.: "My little boy Willie, now 6 years old, 2 years ago had a scrofula lump under one ear which the doctor lanced and it discharged for some time. We then began giving him Hood's Pills, and the lump disappeared. His cure was due to HOOD'S SARSAPARILLA. He has never been very robust, but now grows healthy and daily growing stronger."

HOOD'S PILLS do not weaken, but aid digestion and tone the stomach. Try them, etc.

P. N. U. 31 '92

DR. KILMER'S SWAMP ROOT Kidney, Liver and Bladder Cure.

Lumbago, pain in joints or back, brick dust in urine, frequent calls, irritation, inflammation, gravel, ulceration or catarrh of bladder.

Disordered Liver, Impaired digestion, stout, biliousness, headache, SWAMP-ROOT cures kidney difficulties, Gravel, urinary trouble, bright's disease.

Impure Blood, Scrofula, malaria, gen'l weakness or debility. Guarantee—Use contents of One Bottle. If not cured, Druggist will refund to you the price paid.

At Druggists, 50c. Size, \$1.00 Size, \$2.00. Sent by Mail to Residents—Cash on Order. Dr. Kilmer & Co., BOSTON, N. Y.

The Vile Weed.

The Shah of Persia has a tobacco pipe worth \$400,000.

The better class of the Philippine Islanders smoke cigars a foot long. John D. Rockefeller prefers a mild cigar, costing about 40 cents.

Calvin S. Brice smokes the best cigars obtainable. He is an incessant smoker.

Cornelius Vanderbilt smokes very strong cigars, worth about a quarter apiece.

Though Jay Gould never smokes, he is said to be an excellent judge of a cigar, and the brands he keeps on hand to give to his friends are choice enough for the most capacious connoisseur.

Last year French smokers consumed 4,600,000 francs' worth of cigars, 10,000,000 of cigarettes, 29,000,000 of snuff, and 91,000,000 of pipe tobacco. The greatest snuff takers are old peasants and priests.

The Burmese natives delight in huge, loosely rolled cheroots, varying from six to eighteen inches in length. Among the Anglo-Indians the Trichinopoly cheroot, with a straw down the middle, is a great favorite. It is made in all sizes, from ten laches to two.

English and French Guns. Five great English warships are now declared to have guns which are unfit for service. These range from 110 to 67 tons. The French 75-ton guns, however, are said to be satisfactory.

The article, "A Detroit Miracle," taken from a Detroit paper, is quite interesting reading. It tells how one of the best-known merchants of that city suddenly appeared at his business with apparently a new lease of life, when it was supposed that he was a very sick man.

Great Britain has 302,300 acres of orchards. Internally, and acts directly upon the blood and nervous surfaces of the system. Send for testimonials free. Sold by Druggists, etc.

A SMOKE-STACK—A package of cigarettes.

In Country Hamlet. Far from a physician, every family should keep Dr. Hoxie's Certain Croup Cure in the house. This distinguished remedy removes all causes of Croup, Whooping Cough, Bronchitis, Diphtheria, Sore Throat, Croup and Colds. Sold by prominent druggists. 40c. Manufactured by A. F. Hoxie, Buffalo, N. Y.

In Japan the women load the vessels.

A Complete Newspaper For One Cent. The Pittsburgh Chronicle-Telegraph is sold by all News Agents and delivered by Carriers everywhere, for the Cent a copy or Six Cents a week. It contains daily, the news of the world, receiving as it does, the reports of both the Associated Press and the United Press. No other paper which sells for one Cent receives both of these reports. In Sporting, Financial, Fashion, and Household Departments are unequalled. Order it from your News Agent.

Mr. Darius Waterhouse, Chattanooga, Tenn., says: "It cost but little to try Dr. Hoxie's Cough Cure, and a trial is all that is necessary to convince the doubting thousands that it will cure headache." All druggists, fifty cents.

If droopy after a good night's sleep there is indigestion, and stomach disorder which Becham's Pills will cure.

RISE SUN STOVE POLISH. DO NOT BE DECEIVED. Every family should keep this in the house. It is a perfect polish for all iron and brass. It is sold by all druggists. Get it at once and see its results. FRED K. DUTCHER DRUG CO., ST. ALBANS, VT.

JOHNSON'S Anodyne Liniment. UNLIKE ANY OTHER. ORIGINATED IN 1810. THINE
